TECHNOLOGICAL The progressive Digital India campaign and new technological advancements have been benefits for OYO. Created an app and a website where they have initiated a simple two-three step booking procedure. The B2C domain which has been made available to OYO and other online operational has reduced the transaction cycles. The technological advancement is an asset for the company as it can penetrate more into the market. The technological advancement is an asset for the company as it can penetrate more into the market. The technological advancement is an asset for the company as it can penetrate more into the market. The technological advancement is an asset for the company as it can penetrate more into the market.
